

REMARKS

This Preliminary Amendment is presented to perfect priority and/or parent benefit and also to improve the form of the specification as originally filed.

The basis for these changes is as follows:

On page 29, paragraph 49, the mass ratio had been corrected so that the sum of the component equals 100.

On page 53, paragraph 101, the formula has been corrected to eliminate a clearly erroneous bracket.

On page 55, paragraph 103, the formula has been revised to eliminate a clearly erroneous bracket.

Also, two symbols have been corrected to correspond with a formula and the discussion of paragraph 103.

It is respectfully requested that this Preliminary Amendment be entered in the above-referenced application.

If there are any additional fees associated with filing of this Preliminary Amendment, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP
